Hi Vincent,

What is the version of your redmine and is the version of this plugin?  
Have you ever use this plugin before?

#### #3 - 01/20/2012 10:45 PM - vincent auroch

Hello Haru

This occurs with the latest version of the plugin : 0.3.8  
We are definitely fan of your pluggin ... we used it for a long time and follow updates with attention.

This has no link with this question, I think that the "header" feature fo WE is missing inside [the EN manual of WE](#)

#### #4 - 03/27/2012 12:56 AM - Haru lida

- Target version changed from 0.3.9 to     (Unplanned)
